

POCO

We were blessed with a gift . . . a gift of returned love, life, and spirit. For those of us here at Starlight Quarter Horses, we will never forget the transformation of a horse broken in pain to one of renewed spirit and spunk! Poco came to us three years ago lame and weak. With the knowledge and skill of a wonderful farrier, Keith Seeley, and the love of all who knew her and cared for her, she once again ran with ease and with her beautiful blonde mane flowing in the breeze. She may have been on up in years, but one glance from her beautiful, bright eyes would melt your heart.

She passed over "the bridge" this past Sunday, December 9, 2007. In the much too short period of time she was with us, she gave back far more than she knew. She taught us about love, faith, and sharing.

From her owners, Evelyn and Dell, Keith Seeley, who gave her freedom from pain, Dr. Spelts, her veterinarian, and those of us here at Starlight Quarter Horses, we miss you, Poco.

Goodbye . . . gone but not forgotten, Dotty Girl. There will always be an apple in the barn waiting for you.
